SUBJECT : Statement of compliance with the European Regulation No. 1907/2006 of our products

Dear customer

we state that, accordingly the information until received from our suppliers, all our products meet the requirements of **European Regulation No. 1907/2006 (REACH Regulation)** that means that none of substance listed in SVHC list is deliberately introduced in raw materials or in process. This compliance is ensured by our suppliers of raw materials by means their continuously monitoring of **last update issued of SVHC list**, by sending of updated safety data sheet of materials and by prompt reporting of possible presence substances that have to be declared. Our group ensures that this situation remains unchanged and undertakes himself to inform his customers about any changes or developments about this matter.

Thanks to all above actions, our customers are entitled to assume that all products purchased from our three companies are fully compliant with REACH requirements and the relevant SVHC list, unless You are notified by us stating otherwise.

At Your disposal for any further requirements.

Best regards,

Technical Department
Giancarlo Farinelli
